Dear: Linda

On behalf of the Southern Nevada Western Apprenticeship Coordinators Association I would like to thank you for the great job you did at our conference held July 14-16, 2009 at Caesars Palace Las Vegas, NV. Your presentation was very insightful direct to today tough economic conditions. There were many positive comments regarding your style to many times today's speakers just rely on their Power Points and fail to create that one on one contact and involvement you demonstrated. This type of presentation should be the norm rather than the occasional and I will personally try and implement at the next opportunity. Our group will also remember you and your company in the future when looking for speakers and will certainly recommend you.

Thank you for your support.

Sincerely,

A handwritten signature in blue ink that reads "Robert Jorden". The signature is written in a cursive, flowing style.

Robert Jorden, President SNWACA
